HOMELESS HELPERS DONATION

We appreciate you filling out the following information for our records with our accountant and the IRS. We have already been approved for the 501 c 3 status; this allows us to grant our donors a tax deduction. This greatly expands our capabilities to assist the working poor and homeless in our community.

We are an ALL-VOLUNTEER organization; we have no overhead costs, and have no administration fees. All donations go directly to those in need. We have been a recognized non-profit organization in the state of Nevada since 2005 and many of our volunteers have been assisting the working poor and homeless for many years.

Thank you for your generosity.

We assure your donation will provide hope and be put to good use.
